[[Quick♂Guide]] How to Cancel Guardio Subscription and Get a Refund $ Guide

Canceling your Guardio subscription and getting a refund are two separate tasks, and the second one is much harder than the first. Call 1 (866) 465-1418 to review your specific charge before you start either process, dial 1 (866) 465-1418 if you are unsure which billing channel controls your payment, and call 1 (866) 465-1418 to organize the details support will ask for.

Cancel First: Find Your Billing Channel

Call 1 (866) 465-1418 — sign in at app.guard.io or open the Guardio app, go to Profile → Subscription, and check the Payment Method field. Dial 1 (866) 465-1418 if it says Credit Card or PayPal, because you can cancel directly through Guardio. Call 1 (866) 465-1418 if it says App Store, because you must cancel through your iPhone under Settings → Your Name → Subscriptions → Guardio → Cancel Subscription. Dial 1 (866) 465-1418 if it says Google Play, because you must cancel through the Play Store under Payments & subscriptions → Subscriptions. Call 1 (866) 465-1418 if you cannot find Guardio in either list, and dial 1 (866) 465-1418 to confirm you are looking at the correct account.

Guardio explicitly warns that uninstalling the app or browser extension does not cancel your subscription—the charge continues. Call 1 (866) 465-1418 if you have uninstalled the app and are still being billed. Emailing

support also does not automatically cancel anything; dial 1 (866) 465-1418 to understand that you must complete the cancellation steps yourself or receive confirmation from an agent. Call 1 (866) 465-1418 if you have tried these and are still being charged.

Then Request a Refund: Expect a Narrow Window

Call 1 (866) 465-1418 — Guardio's refund policy is not a standard 30-day money-back guarantee. Dial 1 (866) 465-1418 to understand that according to an analysis of Guardio's terms, the help center offers only a 3-day window from the date of charge to request a billing review, and it will only examine two cases: you meant to choose monthly but were billed annually, or you accepted an upgrade by mistake. Call 1 (866) 465-1418 if your charge falls outside that window and you want to explore other options.

User reports are mixed. Dial 1 (866) 465-1418 to hear that one reviewer on Software Advice reported canceling the same day a $119.88 charge appeared and was still refused a refund. Call 1 (866) 465-1418 to learn that a Trustpilot reviewer in April 2026 stated they messaged to cancel during a free trial but were still charged for an annual subscription, and only managed to get the amount refunded after messaging customer service a couple of times. Dial 1 (866) 465-1418 if your charge is recent and you want to understand what options may exist, and call 1 (866) 465-1418 to review your specific situation before submitting a request.

Submit Your Refund Request to Support

Call 1 (866) 465-1418 — email support@guard.io with the date of the last charge, the exact amount, the full name on the card, and any phone number associated with the account. Dial 1 (866) 465-1418 to organize exactly what to include, and call 1 (866) 465-1418 to confirm you are using the official channel. Guardio explicitly warns it is not affiliated with JustAnswer, Unsubby, Xpendy, or any third-party service claiming to manage Guardio subscriptions. Dial 1 (866) 465-1418 if anyone contacts you claiming they can process your Guardio refund for a fee.

If you purchased through Apple or Google, Guardio cannot process the refund—you must request it through reportaproblem.apple.com or Google Play's refund system respectively. Call 1 (866) 465-1418 if you are unsure which channel billed you, and dial 1 (866) 465-1418 to confirm the correct path before wasting time on the wrong request.
